Cambrian College launches MyCreds™, digital credential platform for students and graduates

Cambrian College is the latest Canadian institution to offer MyCreds™, the virtual credential wallet of the Association of Registrars of the Universities and Colleges of Canada (ARUCC).

Starting today, Cambrian College students and graduates will now have 24/7 [digital access](#) to transcripts, diplomas and letters of confirmation.

Through MyCreds™, students will be able to access and share their academic documents with other colleges and universities, government, employers and third parties securely and conveniently. Documents issued through MyCreds™ are tamper-evident and cryptographically signed, assuring their integrity and authenticity.

“We are looking forward to this new partnership with MyCreds™. We are a global college with students from more than 40 countries. Providing them with digital access to transcripts and credentials is the most efficient and timely way for them to receive these very important documents,” says Derek Serafini, registrar at Cambrian College.

“We are delighted to support Cambrian College as they offer this new digital solution to their students and alumni,” says Joanne Duklas, Executive Lead, ARUCC MyCreds™. “We commend the College’s commitment to providing exceptional service delivery and adopting innovative technologies for their learners. Cambrian College students and graduates will now have 24/7 digital access to their credentials and will hold autonomy over where and when these documents are shared.”
