WHAT IS MYCREDS™?

MyCreds™ is a national shared service platform that is led by the colleges and universities. It provides students and alumni access to a secure, online, password protected learner credential wallet that allows them to share their educational credentials on a 24/7 basis - anytime, anywhere. MyCreds™ is the first and only national bilingual system of its kind in Canada.

MyCreds™ is owned by the Association of Registrars of the Universities and Colleges of Canada (ARUCC), a national higher education not-for-profit.

WHY MYCREDS™?

A document in MyCreds™ is:

- Unalterable by a learner

- Issued directly from participating organizations

- Updated automatically by issuing organizations when information changes

- Authentic and digitally encrypted with a certified blue ribbon

- Fully secure

- Official

Are you interested in having a secure portal environment to have a fast look up and be notified when updates occur to documents?

Do you have a continuous stream of learners and need a more comprehensive system to manage verification of their documents?

MyCreds™ offers a comprehensive portal to enable management of incoming learner records directly from issuing colleges, universities and organizations. Our goal is to enable fast and efficient learner-specific retrieval of official student documents.

HOW TO RECEIVE A DOCUMENT VIA MYCREDS™?

1 Have the learner share their official document directly via MyCreds™ to your organization's receiver portal.

2 Open the secure, cryptographically signed document in your receiver portal. You also have the option to download the certified document.

**3** That's it. You can sort, manage, look up and receive documents.

**1** Learner shares their official document with receiving organization.

2 Receiving organization receives document directly in their receiver portal.

3 Receiving organization can view, manage and download the official document.

HOW IT WORKS

Issuer

Issues digitally certified document

Original document in cloud instance controlled by the issuer

Student has access and can grant authorized access (via shares)

Grants access to their documents

Authorized third party accesses original document

Authorized third party accesses original document

FAQs

CAN STUDENTS OR GRADUATES MODIFY THE DOCUMENTS?
No, students can only view and share their documents.

HOW FAST CAN I GET A STUDENT'S DOCUMENT?
In an instant. After an official document is issued to a student's wallet, they can send their document to your organization at the touch of a button. If you join the Network, you will be identified as an official receiving organization, ensuring efficient and immediate access for students.

WHO OWNS MYCREDS™?
The Association of Registrars of the Universities and Colleges of Canada (ARUCC) owns MyCreds™.

IS THERE A COST TO BECOME A RECEIVING ORGANIZATION?
Contact info@aruccnationalnetwork.ca for more information.

WHAT IF WE WANT TO BECOME A SENDING ORGANIZATION AS WELL?
This is absolutely possible. The ARUCC MyCreds™ team can set you up with a sending package as well.

HOW DO I GET STARTED?
Contact info@aruccnationalnetwork.ca to get started.
