

Streamline the Graduation Verification Process with MyCreds Verify™ Graduation Verification Service

MyCreds Verify™ offers an innovative **Graduation Verification Service** designed to simplify and secure the verification of academic credentials. Through our digital platform verifiers can quickly confirm the graduation status of potential candidates or students.

Quick, Easy Graduate Verification

- **Reduce Administrative Costs:** Automate the verification process and focus on what really matters.
- **Enhance Credibility:** Offer stakeholders the assurance that academic achievements are verified and authentic.
- **Fast and Efficient:** Eliminate the wait times associated with traditional verification methods.
- **Secure:** State-of-the-art security protects sensitive information.
- **Budget Friendly:** Minimal fees apply to search.
- **Additional revenue stream:** a portion of the search fee is allocated to the issuing organization.

Our platform uses cutting-edge technology to ensure fast, accurate verification of graduation status.

How the Service Works

Issuers: upload their graduates' records securely to the Graduation Verification Service portal.

Third party verifiers: open an account and are able to access verified records through a straightforward process.

Accurate & Efficient

In today's fast-paced world, the accuracy and efficiency of graduate verification is paramount. The service lets Issuing organizations **uphold the value** of their credentials. Employers ensure they are making **informed decisions** based on reliable information.

Verify with Confidence

Take the first step towards a more secure, efficient and reliable verification process.
